

Rawmarsh St Joseph's JFC Dearne Valley College Training Rules

When visiting Dearne Valley College (DVC) for Training, we ask all visitors (parent, guardian, coaches, supporters) to conform to the following Match Day rules. These have been put in place to protect everyone and ensure that we can continue to enjoy Training at DVC over the winter months.

Your support in this matter is very much appreciated.

1. No one should visit DVC if they're suffering from any COVID symptoms;
 - a. Persistent cough
 - b. Temperature
 - c. Loss of taste and/or smell

Note: Any visitor suffering from COVID symptoms must follow Government guidelines around self-isolation. This includes both supporters and players.

2. All visitors must 'check in' when arriving at Dearne Valley College. This is required for track and trace purposes. The club use evePass to make this as simple as possible. evePass can be downloaded to your smart phone in advance of your visit, allowing you to scan the clubs QR code to 'check in' on arrival. The code is available from yours or any age group team manager or any other club representative.
 - a. For any player that is attending training unaccompanied, they still need to be 'checked in' to their training session via evePass. Parents/guardians can still check the player in even if they are not attending training themselves. Please use the evePass app as normal but instead of using the QR Code supplier by the team manager, use code 08DT45.
 - b. The club use the same code regardless of whether you're visiting Dearne Valley College for Training or our Home ground for Match Days. When 'checking in' please make sure you select the correct location in app;
 1. Training Night (for Dearne Valley College)
 2. Match Day (for KMC Arena/Stubbin)

Note: See <https://evepass.app/> for more details.

3. Please arrive no earlier than 10 minutes before training is scheduled to start and leave immediately at the end of training. Remember that training lasts for 55 minutes and not the full hour.
4. Access from the car park is via a shared path, used by people coming to and leaving training. Please be patient when using this entrance/exit and give people an opportunity to move out of the way before you make your way in/out of the ground.
5. Hand sanitizer will be available at the gate when entering the training pitches. Please sanitize your hands on entry.
6. To social distance by 2m when on site.
7. Do not touch any of the equipment used to host Training. This includes, posts, nets and Training footballs. If a ball leaves the field of play, please leave it for a club official or player to collect.

8. Ensure that players drinks are clearly marked as theirs and are kept separate from other players drinks/equipment.
9. Non emergency first aid is carried out by the attending parent/guardian. All our coaches are first aid trained and will be available to support with treatment.
10. We appreciate that everyone wants to come and watch their favourite player in action. But for training at DVC, spectator numbers are strictly limited to one per player. Failure to comply may result in you being asked to leave training.
11. No shouting please, this is in order to keep airborne particles to an absolute minimum.
12. The main college building will be closed and not accessible by any of our players or supporters. Outside toilets will be available to use. Please use the hand sanitizer available before and after using the toilets.
13. Please respect our managers and coaches at all times. We're all doing our absolute best to keep ourselves, players and supporters safe whilst allowing the players to enjoy their football in an as normal environment as possible.

If you fail to conform to these rules you may be asked to leave the ground.

Feedback: If you have Feedback on the controls we've put in place to protect our supporters and players, please ask to speak to our COVID officer. If they aren't available, please send your feedback to covid@rawmarshstjosephsjfc.co.uk.
